

# TERRATEC CONCERT BT MOBILE STEREO

## Stereo Bluetooth loudspeakers

- Elegant timeless design
- Bluetooth 2.1 for wireless music replay
- AUX (Line In) input for external devices
- Built-in accumulator for up to 4 hours wireless running time
- Can be used single (Mono) or as a kit (Stereo)

## Circular stereo sound

The two CONCERT BT loudspeaker balls made by TERRATEC provide for mobile stereo sound with outstanding design. Wireless music replay via Bluetooth. All devices which are at least Bluetooth standard 2.1 can be used as audio source. The connection is maintained up to a distance of 10 meters. If you do not have a Bluetooth source it is possible to connect the MP3-Player and similar devices also via AUX cable to the stereo loudspeakers. Each box has an output of 1.5 watts RMS.

## Strong accumulator, compact shape

The accumulator of the loudspeakers guarantees four hours of listening pleasure without additional power requirement. It is charged with the micro USB cable included in the delivery. There are five control elements on the music balls. These elements allow replaying, stopping, pausing of the replay and to control the volume of the music. The TERRATEC CONCERT BT STEREO with a diameter of nine centimetres only weighs 274 grams.
